

BUILT WITH
PRECISION
DRIVEN BY
TRUST

About Us

We are leading manufacturer of high precision automobile components, dedicated to delivering quality, reliability, and innovation to the global automotive industry.

With over 25 years of excellence, DeepBros has earned a respected name in the field of automobile parts manufacturing. delivering superior quality and performance-driven solutions.

We continuously invest in new technology, process automation and workforce development to enhance efficiency and to maintain standard

By combining modern engineering techniques with years of experience, we ensure that DeepBros remains at forefront of the ever-evolving automotive industry.

Our Vision

Our vision is to continuously strive for excellence and establish DeepBros as a global leader in automotive innovation.

Our Values

We believe in transparency, honesty and ethical business practices in every aspect of our operations

We value our people and believe that collaboration and mutual respect drives success and excellence.

We embrace new ideas, advanced technology, and continuous improvement to stay ahead in dynamic automotive industry.

We are committed to deliver products that meet the highest standards of precision, durability and performance

Product Application

Agricultural Vehicle

Commercial Vehicles

Off-Highway

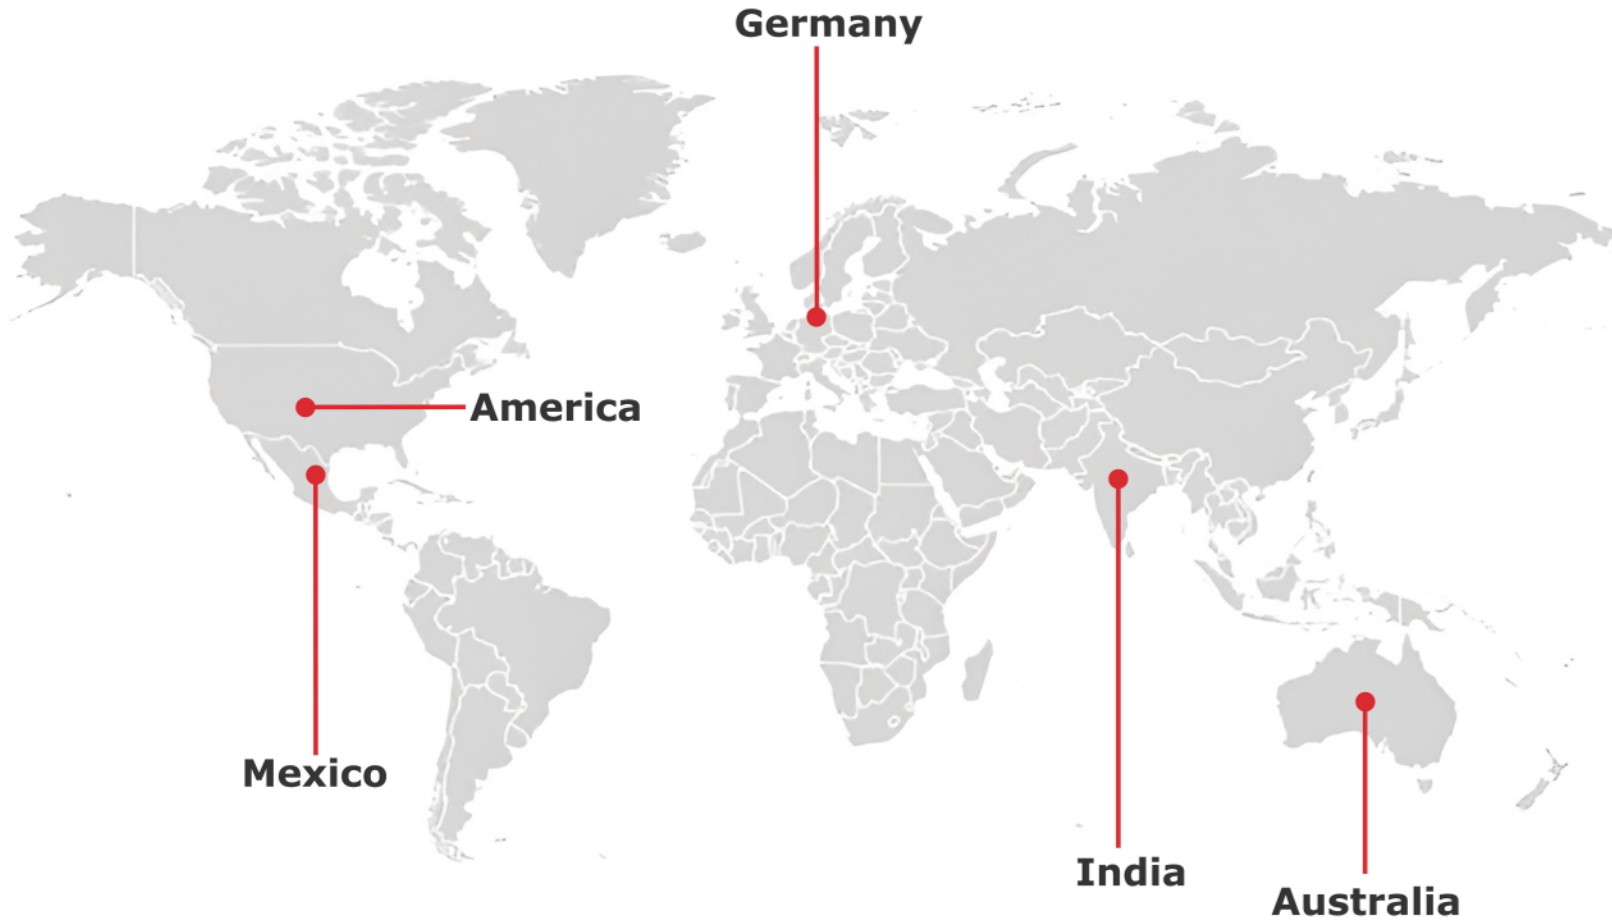

LMV's , HMV's

Global Presence

Our footprint extends beyond borders, connecting innovation with industries worldwide.

- India
- Australia
- America
- Germany
- Mexico

Our Journey

From Vision To Reality

We are consistently enhancing our manufacturing capabilities to stay ahead in rapidly evolving industry. Our goal is not just to meet customer expectation but to exceed them by delivering products that reflect innovation and craftsmanship.

Journey

2000

*Officially registered the company,
strengthening our business foundation*

1995

*Company founded, beginning with
manufacturing of fasteners like nuts
and bolt*

2004-2007

*Transitioned into automotive parts
industry, expanding our product range
and technical capabilities*

2011-2014

*Entered international market,
establishing global footprint*

2015-2018

*Expanded our machinery
and manufacturing capacity*

2023-2025

*Relocated to a larger
manufacturing facility to
support future growth*

Operational Excellence

EXECUTING WITH EFFICIENCY AND EXCELLENCE

At Deep Bros, our philosophy around operational efficiency is neither defensive nor reactionary — it is proactive and deeply embedded in our culture. Guided by the principles of Kaizen, we believe that true excellence comes from continuous, incremental improvements driven by every member of our team. Through this approach, we consistently refine our processes, eliminate waste, enhance productivity without compromising on quality.

The Kaizen Approach

Find areas that need improvement.

Brainstorm and design practical solution

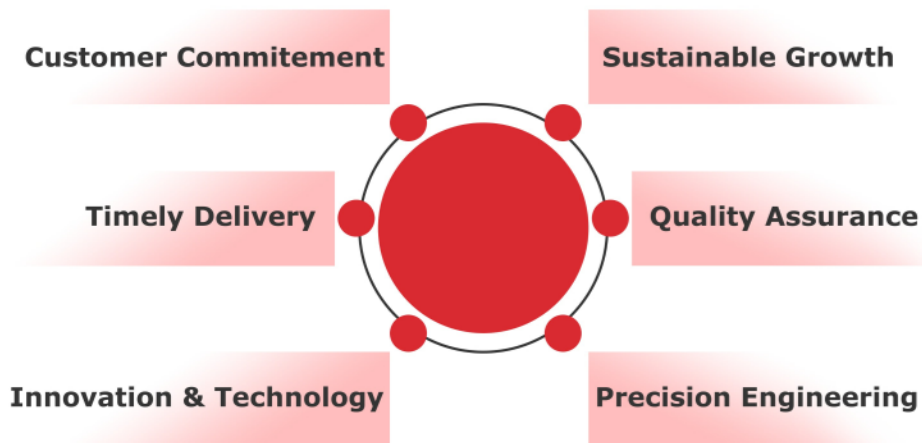

Apply the solutions, test their effectiveness

Measure success, adopt what works, and continue improving.

Progressing With Precision & Purpose

Driven by precision and guided by purpose, from forging to final inspection, every stage reflects our commitment to precision manufacturing. We are consistently investing in our manufacturing capability so that we can procure complex components with closed tolerance and improved mechanical properties.

Our Core Focus Areas

Deep Bros. is
Expanding Horizons
to Capitalise on Growth

Every components we produce reflects
our commitment to precision, durability,
and trust.
